CAREER OVERVIEW

- An IT professional having total 4 years of experience, out of which 2 years in performance testing using Visual Studio and 6 months in Loadrunner.
- Working experience in monitoring cloud infrastructure using Azure. Overall experience in handling (scaling up/ scaling down), identifying and resolving issues, Build deployment in the application infrastructure- app servers, Database servers.
- Hands on experience in application monitoring tools such as Datadog, AppDynamics.
- Hands on experience in Database monitoring tools such as IDERA,DPA SolarWinds.
- An ISTQB certified tester with good in results analysis and report preparation. Have detail working knowledge of the architecture of the application.

EXPERIENCE

- **Product Performance Test Engineer | Wolters Kluwer | From June 2022 till Date**
  Domain: Tax and Accounting |Technologies: VSTS, WCF Unit Test, C#.Net, Fiddler, Perfmon, Graphana.
  Project Name:(CCH - Axcess)- CCH provides leading tax and business law information and software solutions.
  Role:
    o Script recording, Script creation
    o Executing performance test scripts using VSTS Performance test tool and Loadrunner. Monitor the execution. Troubleshoot if any failures occur.
    o Extensively worked on application infrastructure readiness, analysing and resolving the issues.
    o Worked very closely with Database servers- Extensively executed SQL queries on SQL server tables to view successful transactions of data & for validating data. Frequently worked on restoring and taking backup of database servers. Working knowledge of database monitoring using SQL profiler, IDERA, DPA SolarWinds.
    o Analyze the results from the report generated.
    o Analyze the issues (environmental, application or from database side) and resolve them.
    o Different performance parameters namely, average CPU usage, disk utilization; response time and throughput were analyzed for each scenario. Observed measurements were then compared with the measurements taken in baseline testing while benchmarking the applications to verify the performance is at least better than the previous releases.
    o Created Documents for Load Test Executions, Troubleshooting issues on Environment.
    o Managing the project deliverables and coordinating with the team and project managers.

- **Programmer Analyst | Mindtree ltd. Pune | 1yr 9 months   (Aug '11 – May '13)**
  Domain: Tax and Accounting |Technologies: VSTS, WCF Unit Test, C#.Net, Fiddler, Perfmon
  Project Name:(CCH – PerfTest)
  Role:
    o Script recording, Script creation and executing performance test scripts using VSTS Performance test tool. Monitor the execution. Troubleshoot if any failures occur.
    o Analyze the results from the report generated
- **Lecturer | PVPIT Budhgaon, Sangli | 1yr 6 months   (Jan '17 –May '18)**
  Delivered lectures on following subjects: Electrical Engg., Basic Electronics and Mechatronics and Introduction to Computer Fundamentals.

EDUCATION

- **Master's Degree in Electronics Engineering (68.83%)| PVPIT, Budhgaon|2015- 2021**
- B.E Electronics Engineering (62.32%) | DKTE, Ichalkaranji | 2008- 2011
- XII (State Board) (72.33%) | L G R Purohit Kanya Mahavidyalaya Sangli. | 2007

PUBLICATIONS:

- **IEEE Conference paper (ISDA 2018, Vellore)** on "Development of an algorithm Using ICA and SWT for removal EMG artifacts from EEG signal"

TECHNICAL SKILLS AND CERTIFICATIONS:

- **Loadrunner, VSTS, AppDynamics, Datadog, Microsoft Azure, IDERA, DPA SolarWinds, Power BI.**
- **ISTQB Foundation level certified: ITB-CTFL-0042329 India**
- **Languages -C, C++, SQL, C#.**

PERSONAL SKILLS:

- **Achievement Oriented:** Establishes challenging long and short-term goals, take reasonable risks.
- **Analytical Ability:** Grasps new concepts, approaches and systems. Examines and interprets a wide variety of data and make recommendations or decisions.
- **Communication skills:** Write in concise and organized manner. Listens actively, speaks clearly and directly.
- **Creativity:** Challenges current procedures to develop other alternatives. Seeks way to improve all aspects of the job.
- **Decision Making:** Identifies purpose and objectives. As appropriate, involves subordinates and others in decision making**.**

LANGUAGES KNOWN: English, Hindi, Marathi.

ACHIEVEMENTS:

- **Developed a Weighing machine to be used in medicals for G Mech Furniture Industries, K.Digraj, Sangli in 2021.**
